

Tartessus Sancti Petri is located at the "Loma de Sancti Petri" which belongs to Chiclana de la Frontera (Cádiz) situated at the "Costa de la Luz", the andalusian Atlantic coast. It is built on a hill with splendid views, surrounded by pine groves and golf courses and only 850 metres away from a wonderful 10 Km long beach of fine and gold sand and clear water.

The warm weather and the high number of sunny days make this zone suitable to practice sports outside the whole year. People who are fond of the nature could enjoy the wild beaches we still have at this coast, and also the nearness of some National and Regional Natural Parks.

The next opening of the commercial centre "Tartessus Center" situated nearby our hotel (direct access), will offer to our guests a modern commercial place with restaurants, entertainment, gym, spa and Arabian baths.

The nearness to the historic city of Cádiz, the wine cellars of Jerez, the white small towns of the mountains, the andalusian culture with its flamenco, horses and bulls, make this area a privileged tourist destination.

As well the resort is surrounded by the best golf courses of the area, like Novo Sancti Petri, etc.
