

The **Las Dunas Beach Hotel & Spa** is a **"Leading Hotel of The World"**

situated on Spain's southern coast between the glamorous cities of Marbella and Estepona, just a 50 minutes drive from Málaga International Airport.

This five star Grand Deluxe property has been constructed like a typical Spanish hacienda with a Moorish influence. With its 73 rooms and suites in the main building the hotel is a unique hideaway for the disconcerting travellers.

Set directly on the beach, surrounded by lush, sub-tropical gardens and fountains, the hotel is only a 10 minutes drive from Marbella's famous lively area of Puerto Banús and 20 minutes to the typical Spanish white washed city centre.

Within the flamingo colored building, all the rooms are decorated individually with unique and colorful frescos on the walls. Each one of them is named after a famous artist or Spanish city with their own Mediterranean personality.

On the other hand our 34 **"Deluxe Garden Suites & Apartments"** represent a brand new concept of decoration, designed by Phillip Stark.
