

Welcome to Isla del Gallo

A different style Hotel where history appears from every corner of this unique building of the XVIII century.

Situated in the centre of Trujillo, province of Cáceres, two hours from Madrid by motorway and 46 km from its capital Cáceres, very close to the Natural Park of Monfragüe.

One of the principal attractions of our welcoming hotel are without doubt its bedrooms, where one can enjoy a well-earned rest. Each one of our rooms possesses its own name, as a tribute to The Famous Thirteen and is exclusively decorated. Besides this, they are equipped with all of the services that you should expect during your stay. The only problem will be which one to choose!. We recommend that you get to know each and every one of them.

With the capacity to comfortably sit sixty people, it offers the perfect atmosphere to enjoy lunches or dinners as special as the restaurant itself.

Tastefully decorated, one can sample the cuisine of Fernando Bárcena, in which locally produced fare plays an important role. For the perfect complement, our wine, stored in our very own "bodega", selected by our experienced somelier.

The orange trees in bloom offer their shade while the comfortable seating encourage you to rest. The heart of our hotel is our **patio**, conveniently located next to the swimming pool and the Tumbes library. Discover the colours and sounds of the Trujillo nightfall.
