

The Balneario de Archena Spa is located in the Southeast of Spain, 2 km. from Archena, in the inland of the province of Murcia, the warmest region in the Peninsula with more than 330 days of sun. Just an hour's drive on the highway separates it from the Alicante airport.

The waters of Archena are classified as containing sulphur, chloride, sodium, and calcium, and come out at a temperature of 51.7°C. The Archena Spa has three hotels with a total capacity of 489 beds which together with the Thermal Galery, Phisiotherapy Department, Thermal Aesthetic Department, Restaurants, Mini Club, Hotel Activities, Space Termalium and other facilities, are run by a single management team, as well as a

TERMAS HOTEL - 4 **S"Q"** 67 rooms with all rooms are equipped with marbled baths, Haire drier, telephones, heating, air-conditioning, T.V. international chanel, mini bar and restaurant service. Renovated a few years ago, it still preserves its Moorish style decorations from last century. The gypsum decorations, the Arabian dome and the replica of the fountain of the Lions' Patio in the Alhambra in Granada, at the entrance to the baths, are worthy of a mention.

LEVANTE HOTEL - 4 **** 70 rooms and 130 beds. In the ground floor of the Hotel one finds the lounge of Thermal Aesthetics and Hairdresser.

LEON HOTEL - 3 **Q"** The Leon hotel has 117 rooms with 231 beds.

Swimming pools Termalium

The enclosure relies on 11.000 m2 approximately, where you find two thermal swimming pools to different temperatures. One of them, has a surface of 600 m2 with hydromassage, jets, necks of swan, beds of bubbles, child's zone and zone of swimming. One is divided in two parts separated by a mobile cover that departs from the own wardrobe, to be able to use her every day of the year and other one that is disclosed. The two are joined by means of a water step what it allows to enjoy the bath outdoors though the temperature of the exterior is low.

The other thermal swimming pool, is covered in its most and has all the services of the previous one, as well as other new services like the rivers of current, water hammocks of different types, variety of Jacuzzis, swimming pools of contrasts and an child's zone with jets and slide for the enjoyment of the smallest.
